

Fallet Munir—brevaktion

I Merdeka nummer 23 (december 2004) berättade vi att den indonesiske människorättsaktivisten Munir förgiftades och dog på ett indonesiskt flygplan, turen GA 974 Jakarta - Amsterdam den 6 september 2004. Det har nu gått ett år sedan dess, men undersökningen går mycket sakta. Myndigheterna är ovilliga att samarbeta för att få fram sanningen. Man anklagar Pollycarpus, en pilot som vid tillfället inte skulle vara i tjänst, men ändå var med på flygplanet i vilket Munir dog. Piloten flög med mellan Jakarta och Singapore. Vem som gav honom ordern att förgifta Munir är fortfarande en stor gåta.

Du kan göra en insats för att få fram sanningen och skipa rättvisa. Asian Human Rights Commission (AHRC) gjort ett förslag till brev eller fax att skicka till myndigheter i Indonesien. Kopiera brevet eller författa en egen vädjan och skicka iväg till de personer som står på listan.

Dear _____,

Re: INDONESIA : President and Parliament must audit the police investigation performance in Munir's case

I am gravely concerned about the lack of progress of the police investigation in the murder case of the human rights activist Munir.

Already four months have passed since the police investigation team had been established however there has been no progress in the investigation up to now. In particular, there has been no investigation of high-ranking intelligence officials and senior employees of the Garuda airline, even though the findings of the presidential fact finding team (TPF) suggested their involvement in Munir's murder. As a result, no prosecution has been made against them except Pollycarpus, a Garuda pilot who is the major suspect of Munir's murder.

This delay raises questions as to whether the police investigation team has strong will to find the truth of Munir's murder and bring the responsible persons to justice.

I therefore urge you to intervene in this matter. Please take appropriate action to speed up the investigation and ensure its accountability. I also urge you, with the cooperation of the Parliament, to audit the police investigation performance into Munir's

case. I further urge you to release a final report of the presidential fact finding team to the public and submit its findings to the police investigation. Lastly, I request you to ensure that the process of the trial related to Munir's case is duly and fairly conducted.

Sincerely yours,
